Dear parents / carers,

As I am sure you would agree, homework is an important part of school life but after listening to feedback from parents, it is also one which can cause problems at home. Our homework policy is due to be renewed and we like to form a focus group of teachers and parents who will help us to do so.

We are looking to gather a group of parents from across the school to ensure the policy is appropriate for all children and that any issues with the current policy can be amended. We will work together to ensure any changes that either the teachers or the parents would like to make to the policy are agreed by all and ensure that homework remains an element of school life that enhances learning.

Places will be on a first come, first served basis and If you would like to take part, please inform me via the attached slip, or via the below email, as soon as possible. We are anticipating that we will probably need a total of 2 or 3 short meetings (no more than an hour each) across the spring term. Meetings will be held in school but we would like to ask you for the most convenient time and will schedule them accordingly.

Yours sincerely
