

## Writing - Create (ready for the writing next week)

Next week we are going to working on a non-chronological report about your very own mythical creature. Before then you need to have created your very own mythical creature. Your creature can be a mixture of other creatures like a Hippogriff or it could be a new species of dragon, phoenix or unicorn. Draw your creature and think about what makes it mythical and special. Write some labels around it to remind you ready for next week.
