

## How to tame a unicorn

These instructions give you all the steps needed to tame your very own unicorn.

### You will need:

- 1 wild unicorn
- 1 bucket
- 3 cups silver glitter
- 1tsp liquid sunshine
- 1 dollop raincloud

### Method

1. First, take three cups of silver glitter and sprinkle it into a bucket.
2. Next, add a teaspoon of liquid sunshine.
3. Then, mix a generous dollop of raincloud and combine until the mixture is smooth.
4. After that, pour the mix at the feet of the unicorn and wait until it starts to eat.
5. Finally, stroke the unicorn's head gently.

**Be careful not to tread in any unicorn poo!**
